

**Give Power to  
Your Dreams**

**Yearbook 2013**

Congratulations to the Honda Campus All-Star Challenge Class of 2013. On behalf of all of us at Honda, it was our pleasure to welcome the competition to our Torrance campus for the second time.

For Honda, “The Power of Dreams” is our guiding philosophy. It was inspired by the vision of our founder, Soichiro Honda. It drives our innovation, creativity and desire to bring value to society. Honda Campus All-Star Challenge embodies our belief in the importance of education and our HBCUs.

The pages of this yearbook provide snapshots of the National Championship Tournament. We hope that the pictures spark memories of the many experiences you shared with friends, old and new. Enjoy the memento and please accept Honda’s wishes for continued success in the near future and beyond!

Steve Morikawa  
Assistant Vice President, Corporate Community Relations

# History in the Making: The Story of the Honda Campus All-Star Challenge

In 1989, Honda joined with the College Bowl Company to establish the Honda Campus All-Star Challenge (HCASC) to support the unique mission of America's Historically Black Colleges and Universities (HBCUs). Honda's commitment to HBCUs and their communities demonstrates the belief that success is not measured only in the cars they produce, but in the lives they enhance.

HCASC is much more than game of quick recall. Players learn to respect and celebrate each individual's contributions to the goals of their team. With teamwork and discipline, players learn the value of pursuing knowledge for its own sake.

HCASC participants contribute thousands of hours of service within their local communities for HBCU-initiated projects. Through these

academic  
competition of  
its kind...*

projects, participants embody the commitment to the community that is core to the HCASC mission and serve as positive role models for the next generation of HBCU students

Nearly 100,000 HBCU students have participated in Honda Campus All-Star Challenge. HCASC alumni travel the world to pursue careers in science, medicine, media, aeronautics, education, industry, government and more. Program alumni give back to their alma mater and HCASC by supporting campus activities, mentoring students and stepping up as ambassadors of the *Friends for Life* philosophy.

As the first-ever academic competition of its kind, HCASC stands as an example of how Honda creates mutually beneficial relationships with the communities where they explore the Power of Dreams.

Sometimes the greatest rivalries  
lead to the strongest friendships.

Honda congratulates the finalists of the 2013 Honda Campus All-Star Challenge. A little friendly competition can be a good thing—especially when it helps students achieve more than they thought possible. This year, Honda brought together 48 teams of the top students from America's Historically Black Colleges and Universities for the HBCU National Quiz Championship. For 24 years, Honda has supported this program to promote leadership, diversity and academic excellence. Since its inception, nearly 100,000 students have participated, and Honda has awarded over \$7 million to participating schools and over \$300,000 annually in grants. Even more valuable than these contributions are the memories shared and friendships formed. To see the full list of participants and for more information, please visit [Honda.com/allstar](http://Honda.com/allstar).

# Working to Give Power to Your Dreams

From start to finish, throughout the year, it takes a dedicated team of associates, staff and volunteers to present Honda Campus All-Star Challenge. They work tirelessly to ensure that the HCASC program and the National Championship Tournament will provide memorable experiences that you will treasure for the rest of your lives. We celebrate their hard work here.
