Game Discrepancies

The Tournament Director has ultimate authority

The Campus Coordinator usually serves as Tournament Director. The Tournament Director has ultimate authority in all matters during the tournament.

Resolve Procedural discrepancies in the game room

Game officials in the room resolve problems concerning game rules and procedures.

If necessary, the Tournament Director is called.

The Tournament Director should resolve factual discrepancies

The Tournament Director must have a printed copy of the game available. Most often the issue can be resolved by showing the question to the students. Library and Internet resources may be consulted.

Players *must* wait until the end of the round to register discrepancies

They may not shout “protest” or stop the game.

Discrepancies are reviewed in all rounds, even if the review could not change the outcome of the game

This is a difference from the prior format and is necessary because the game is not over until the end of the 2nd Ultimate Challenge round.
